## **Community Resource Indicators: Rate of Annual Program Hours for Adults Aged 18-65 Years, by Winnipeg NC**

This graph shows the rate of annual program hours offered for adults aged 18-65 years. Variation is evident across the neighbourhoods, from a high of almost 1000 hours per 1000 residents, or one hour per resident, to a low of less than 100 hours for 1000 residents, or one hour per ten residents. The variation does not appear to be related to neighbourhood SES.

### Rate of Annual Program Hours for Adults Aged 18-65 Years, by Winnipeg NC, 2000

'd' indicates NCs for which data was not collected.

These definitions can be found in the Child Health Atlas Glossary:
